

## JAPAN TEACHES CHINA TO GROW

(By Associated Press.)

PEKIN, Sept. 9.—In addition to demanding police power in south Manchuria, inner Mongolia, as one of the terms of settlement of the incident at Cheng-Chiatun, in eastern Mongolia, Japan, it was learned in government circles, also secretly suggested to China the employment of Japanese military advisers at the large Chinese centers, and that Japanese instructors in Chinese military schools would be highly desirable. The Chinese press says the granting of these demands would mean the abandonment of Chinese sovereignty in inner Mongolia and south Manchuria.

Chinese dependency on Japan for money, it is maintained semi-officially, renders them unable to ignore the Japanese demands unless financial assistance is found elsewhere.

## SHIPPING BILL MEANS FAILURE

(By Associated Press.)

BRUNSWICK, Me., Sept. 9.—Before a big audience, Hughes attacked the administration shipping bill, which he said "will mean disaster to the shipping interests of Maine." "Provisions for chartering, buying and leasing ships show failure to understand the requirements of a great industry," said Hughes.

"The proposal to place foreign built ships in the coastwise trade of the United States discloses an economic attack on an industry which Maine should foster to see built up and encouraged."

The nominee spoke at length on the tariff and then discussed the shipping bill. He also reviewed his record as governor of New York with respect to later legislation and repeated his attack on the administration in connection with the Adamson act.

## FOUR GOOD JUNIOR CHAMPION RECORDS

(By Associated Press.)

NEWARK, N. J., Sept. 9.—In the National Amateur Athletic union junior track and field championships, four new junior records were established and one equalled.

Several men from the far west cleverly upheld the reputations they had gained in their own territory. W. S. Hummel, of Portland, Ore., won the 440 yard hurdle event in 56.25 seconds, clipping 4.45 seconds from the junior record. He was closely pressed at the finish by C. A. Hoenish, of San Francisco, who ran unattached. Earl Thomson, of Los Angeles, who is to remain in the east as a student at Dartmouth, proved to be a fine timber toppler by winning the 120 yard hurdles, with A. L. Brush, University of Chicago, second.

A. E. Ward, the Chicago A. A. flyer, won his heats in the 100 yard dash in 10.4 seconds, and then equalled the record by doing the final in 10 flat. Williams, of Spokane, finished third in this event, and Foley, of Boston, was fourth.

## FOOTBALL TEAM VERY PROMISING

The boys in the High school are active in framing up the strongest football team ever seen in Tonopah. James O'Connell, captain of the team, expects to see some of the old timers back in the ranks within the next few days. The boys are being coached by Roy H. Cross and S. E. Merrill. In the preliminary try-out last night over 30 lads signified their intention of making the eleven. Every evening after school the boys turn out for practice on Bryan avenue summit.

S. E. Merrill says that there are enough boys to make two fast teams, but they are somewhat handicapped by the insufficient supply of suits, which will be on hand as soon as possible. On Monday afternoon the boys will begin training, which means that tobacco and dissipation will be taboo. Monday evening the first real try-out will be held.

The proposed schedule of the coming football games is as follows:  
 October 7—Play at Winnemucca.  
 October 14—Play at Fallon.  
 October 21—Winnemucca here.  
 October 28—Open date.  
 November 4—Play at Bishop.  
 November 11—Open date.  
 November 18—Reno here.  
 November 30—Indians here.

## WILSON WHEEDLES THE WOMEN VOTERS

(Continued from Page 1)

The women in their speeches also failed to mention the question of method.

The president was warmly applauded before, during and after his speech. With Mrs. Wilson he sat during several addresses. Fears expressed before the meeting that he might be "heckled" did not materialize. At the conclusion of his address Mrs. Catt thanked him for speaking.

Declaring that some times he became "a little impatient" over discussions about the channels through which votes for women are to come, the president caused the delegates to applaud by saying: "I have felt here the wholesome contagion of the occasion."

Mr. Wilson aroused the greatest enthusiasm when he said whenever he had come to Atlantic City previously he had come to fight against somebody, but that on his present trip he had come "to fight with somebody." The women in the boxes, the orchestra and the balcony, stood and cheered.

The meeting came to an end with the president and Mrs. Wilson standing between suffrage leaders, joining in singing patriotic songs.

In his address the president did not mention his previously expressed belief that suffrage should come through action by the states.

At the time the United States was formed, Mr. Wilson said, only a lawyer knew enough to run the nation, but since the civil war the country has been faced more and more by social questions, and women have

H. M. Wolfen, engineer in charge of the mine rescue cars and experimental stations for the United States Bureau of Mines, was to arrive in Reno this morning.

Rives, secretary of the Mine Operators' association, and Dean Scragham will meet Mr. Wolfen. They will take up the matter of establishing one of the government mine experiment stations here. The meeting will be held at the university.

### ARRESTED FOR EVADING BOARD BILL IN GOLDFIELD

R. B. Harris was arrested by Sheriff Bogard, of Goldfield, yesterday afternoon on lower Main street, charged with beating a board bill at the A. & K. restaurant in the gold camp. Both men left for the sister town later in the evening.

more and more taken an interest in public affairs.

"The whole nature of our political questions has been altered," he said. Speaking of the future of the movement, Mr. Wilson declared that the tide was rising and would come to its flood.

The president talked for 15 minutes, just the time occupied by the other speakers. At the conclusion of his address he went to his hotel. This morning he motored to Long Branch, N. J., to occupy his summer home there.

The suffrage convention adopted resolutions instructing its congressional committee to concentrate all its resources in an effort to carry the federal amendment through the last session of the 64th Congress.

The national association pledged support to state organizations and authorized the national board to take direction of the work in states necessary to accomplish that end.

Most of the old officers, including Mrs. Catt for president, were re-elected. New York, Dallas, and Chicago want the next convention.

## TIME FOR THE BEES TO SHOW IN FRONT

(By Associated Press.)

SAN FRANCISCO, Sept. 9.—Baseball fans are keeping a weather eye on the Salt Lake City Bees, who began a rally at about this time last year which nearly brought them the championship. The Bees last week took the series from San Francisco, despite the fact that Manager Cliff Blankenship was absent several days, having tendered his resignation to the team owners and gone to Salt Lake City to confer with them about it.

Eddie Maier, of Los Angeles, owner of the Vernon team, encountered adverse criticism from other team owners because of his alleged violation of the \$4500 salary limit rule by announcing his purchase of an option on Washington park, the grounds used alternately by Los Angeles and Vernon in Los Angeles. Popular opinion classed this as a salutary answer to the published demand of Henry Berry, owner of the San Francisco club, that Maier retire from Coast league baseball.

Berry announced early this week that new stands would be built and the grounds reshaped at the end of the season at Recreation park, the local baseball lot in Valencia street. The club has permission to sell \$400,000 worth of stock for the improvements.

## AMUSEMENTS

### BUTLER THEATER

Tonight at the Butler one of the best pictures that has ever been produced upon a screen will be shown, featuring Mabel Talliaferro, the charming and brilliant young stage star, in a five reel production entitled "The Snowbird," a delightful and interesting story of the Canadian northland, the scenes being laid in the picturesque Hudson Bay district. Edwin Carewe, who directed "The Snowbird," also plays the leading male role in it. The part is that of a primitive man of the woods whose better nature is developed through the gentleness of a plucky young girl from New York. Mr. Carewe is especially fitted for the role as he is one-fourth Chickasaw Indian and spent his early life in Oklahoma, which is still his favorite stamping ground when at leisure. Added to the regular program this evening is a Sidney Drew comedy with Mr. and Mrs. Sidney Drew; also the first of the juvenile comedies which were gotten for the kiddies. All the actors in this picture are children. Tomorrow, a Paramount-Bray cartoon comedy, which is a real comedy, and Jack Barrymore in "Nearly a King."
